March 2017

Greetings and Welcome to *The International School at Mesa del Sol!*

Thank you for considering *The International School at Mesa del Sol* (TIS) as an option for your child's/children's educational experience and entrusting us with their academic program. You are receiving this letter because you have completed the enrollment process and have been accepted via the lottery! WELCOME!

TIS is an *International Baccalaureate (IB) PYP World School*, and is seeking its *IB MYP World School* Accreditation. IB World Schools are a very different kind of school: ones that are focused on academic rigor, with very high academic standards and expectations for student achievement and behavior. Students who are successful in an IB World School are independent learners, who are able to accept the challenge and self-discipline of a rigorous academic learning environment where they are a part of guiding/managing their own learning.

We are happy that you have chosen our school to begin your child's education beginning in August 2017. An education at The International School is about actively combining challenging and enriching experiences with academic rigor and creative opportunities. We want our students to have the courage to explore the possibilities that are available to them. Whilst we are proud of their academic results, there is so much more to the education we provide. As a public charter school, The International School is a school of choice. Parents have chosen to send their child to The International School over other public and private schools.

Enclosed in this packet are the registration materials needed to complete your child's admission for August 2017. The packet is due back to the office within 30 days of this letter otherwise your seat may be given to the next student on the wait list. If you have any questions, please do not hesitate to contact us.

Thank you and welcome to the TIS family!
